

Getting Started on Overdrive

1. Go to the libraries website home page at *www.mccooklibrary.info*
2. Scroll down the page and on the left hand side you will see the link to click for Overdrive.
3. Once on the Overdrive website click on *sign in* at the top of the webpage.
4. Select *McCook Public Library* from the list of libraries.
5. Enter your library *patron number* found on the back of your library card. (If you do not have your card, your patron number is available at the circulation desk).
6. After logging into your account, follow the instructions within for a one time download of an Overdrive media player console (used for audiobooks) OR Adobe Digital Editions (used for ebooks).

For your convenience there is a guided tour of the Overdrive program right on the homepage of the Overdrive website. You will also find a “quick start guide”, “frequently asked questions”, “how to find and borrow the digital titles”, as well as a “list of supported devices”.

For additional help; please feel free to call or stop by the library anytime during open hours.

Downloading Ebooks

1. Download the Media Console to your computer.
2. After making your selection and checking out, click the *Download* button.
3. The Media Console will open and prompt you to choose a location to save the file. Choose your location and click *OK*.
4. A screen will come up asking which parts you would like to download. Check the parts you want to download and click *OK*. The book will begin to download.
5. To transfer the audiobook to a portable device, connect your player via a USB and click on the *transfer icon* at the top of the window. Follow the prompts to transfer the file to your device.

1. Download Adobe Digital Editions to your computer.
2. After making your selection and checking out, click on *Download* and then *Open*. Adobe Digital Editions should open and begin the download.
3. To Transfer the book to a reader, connect your reader to the computer via a USB. The reader's icon should pop up in Digital Editions.
4. Drag the book you would like to add from the borrowed shelf to the reader's icon. You should now be able to disconnect and access the book on your reader.
